THE SOUND OF EDUCATION

AVer **SA-A5**

Streaming Audio System

The AVer SA-A5 Streaming Audio System is an all-in-one package solution that includes a Streaming Audio Box, a teacher microphone, and speakers. The SA-A5 amplifies the teacher's voice, ensuring that every student can hear instructions, explanations, and discussions clearly, creating a learning environment centered on active participation and optimizing the teacher's presentations. Classrooms that incorporate the SA-A5 expand learning opportunities, enhance engagement, support accessibility, and promote a more comprehensive and immersive educational experience for students.

Product Specifications

Streaming Audio Box			
Power Requirement	AC 100 - 240V to DC 19V / 3.42A	Kensington Lock	Yes
Power Consumption	65 W	**Teacher Microphone**	
Audio Output Power	30 W RMS (15 W per channel) 65 W Peak (<1% THD 50 Hz to 15 KHz)	Wearing Type	Clip / lanyard
		Transmission Type	Wireless
Dimensions (W x D x H)	210.0 x 110.0 x 48.5 mm	Transmitting Frequency	2.4 GHz
Net Weight	530 g (1.17 lbs)	Frequency Response	50 Hz to 20 KHz
Power Button	Solid green: power on Solid red: standby mode (when connecting to power)	Microphone	Omni-directional
		Battery Power	3.7 V
LED Indicator	Solid blue: microphone(s) paired Off: microphone(s) not paired	Battery Life	10 hours (fully charged)
		Battery Type	Li-ion (rechargeable & removable)
Input / Output	• PC: USB Type-C • ALD (Assistive Listening Device): 3.5 mm Stereo for assistive listening devices • Mic in: 3.5 mm Mono • UAC: USB 2.0 Type-A • Audio in: 3.5 mm Stereo • Line out: 3.5 mm Stereo • Speaker out: speaker push-in terminal connector block • Ethernet • Page mute port	Operating Range	20 m (65 ft)
		Volume Control	Up / down buttons
		Safety Alert	SOS button
		Input / Output	• Mic in: 3.5 mm Mono • USB 2.0 Type-C
		Dimensions (W x D x H)	• Microphone: 73.3 x 33.0 x 20.2 mm • Receiver: 55 x 10 x 30 mm
Storage Conditions	Temperature: -30°C to +60°C / Humidity: 10% to 90%		
Operating Conditions	Temperature: 0°C to +40°C / Humidity: 10% to 90%	Net Weight	35 g (0.08 lbs)
Speakers			
Power Output	15 W RMS each	Impedance	6Ω nominal
Total Harmonic Distortion (THD)	< 1% (1 KHz)	Mounting	Wall mount
Frequency Response	88 Hz to 25 KHz ± 3 dB	Dimensions (W x D x H)	250 x 150 x 170 mm
Sensitivity / SPL	88 dB SPL 1 W/1 m	Net Weight	4.75 kg (10.47 lbs)

Package Contents

QR Code Card for Streaming Audio System

Streaming Audio Box	Microphone	Speakers	Optional Accessories
• Power Adapter • Power Cord • 3.5 Stereo to 3.5 Stereo Cable • USB 3.0 Type-A to Type-C Cable • QR Code Card	• Pendant Microphone • Lanyard • Wall Mount Adapter • USB 3.0 Type-A to Type-C Cable (1.5m) • Microphone Receiver (Dongle)	• Wall Mount Bracket (x2) • Bracket Knob (x4) • Speaker Cable • Drilling Paper (x2)	• Charging Case, including USB 3.0 Type-A to Type-C Cable (3m)

1 Streaming Audio Box   Teacher Microphone   2 Speakers   Safety Alert   ALD Compatible   5-Year Warranty

Optimized Classroom Management

Teachers can more effectively manage the classroom with the SA-A5 System. They can speak in a normal conversational tone, no longer straining their voices or shouting over noise. This tone shift creates a calmer and more controlled atmosphere, making it easier for students to follow instructions and maintain focus.

Remote & Hybrid Learning Ready

The SA-A5 supports remote and hybrid learning by providing clear communication, consistent sound quality, compatibility with online platforms, and an inclusive learning environment. Eliminating traditional boundaries between online and offline learning, the SA-A5 delivers a seamless and interconnected educational experience.

Streaming Audio Box: Upgrade Audio Experience

The box revolutionizes teaching by maximizing audio quality and seamlessly connecting to PCs and USB devices. Empowering education through an upgraded audio experience, it transforms classrooms into dynamic learning spaces, where knowledge is shared effortlessly.

Microphone: Wireless Mobility

The wireless microphone provides high-quality audio, ensuring that every student in the classroom hears the teacher's voice clearly. Teachers can move freely around the classroom, interact with students, and use different teaching spaces without any limitations.
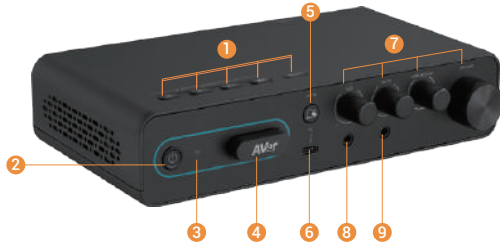

Speakers: Amplify Your Knowledge

The system's speakers let teachers convey information, instructions, and explanations with clarity and precision. This clarity promotes inclusivity by providing equal access to audio content for students. By amplifying sound, these speakers ensure that all students can participate fully in class discussions and benefit from audio-based learning materials.
